Dear Sir,

I am in receipt of your two letters and in reply send you a statement made out from the Army list of the promotion which you would most undoubtedly have earned had you stayed on in the Military Department in which you always bore a very high character. Dear Sir,

Yours to hand in which you ask me if when you joined the Mysore service on a "fixed salary" I intended you should never get an increase of pay. I now write to say that I never intended anything of the sort: What I really meant was that as you had a pension to supplement your pay you were not to be brought on the graded list, the members of which receive regular increments according to service. The question of your getting an increase of pay naturally depended upon your doing good service for Government. This you most undoubtedly have done and as you have in addition put in about 7 years service I consider you are entitled to an increase; and were I Senior Surgeon and Sanitary Commissioner I should strongly recommend you for it and I feel sure Col. Smyth will agree with me on this point. I hope to hear soon that your good work has been rewarded.

Believe me

Yours Sincerely.

Sd/- P.H. Benson.
